

## **Update on procedures and surgeries:**

With Governor Reeves' new order, we can now return to performing all elective surgeries and procedures. The safety, health, and well-being of our patients is our top priority while we have been slowly and safely expanding the scope of our services.

We do have extra safety precautions in place, such as:

- Screening all patients and essential visitors when entering our facilities
- Requiring all patients, visitors and employees to wear a mask
- Implementing social distancing in our waiting areas
- Elevating our cleaning and housekeeping practices rooms
